

Essential gas main replacement – Bath Road, Kiln Green, Reading

As you may already be aware, SGN are at the beginning of a project to replace the gas main along Bath Road in Kiln Green. This essential work will involve the replacement of old metal pipes with new plastic pipe to ensure we can continue to provide gas safely and efficiently to local residents long into the future.

Our work will take place from the Junction of Blakes Lane to the junction of The Bird in Hand. For your information, please see phases of work and the traffic management arrangements as follows...

- **22/04/19** - We are currently setting up site and carrying out inspection/site investigation work.
- **29/04/19 – ROAD CLOSURE (1 week) Blakes Lane.** To ensure the safety of road users and our engineers, it will be necessary to have a road closure in place on Blakes Lane at its junction with Bath Road for one week. A signed diversion will be in place.
- **06/05/19 to 5/07/19** – We will be working our way eastward in sections on Bath Road from Blakes Lane to the junction of The Bird in Hand. For the safety of road users and our engineers will be installing traffic lights around our work areas.

If you have any questions, please do not hesitate to contact myself during working hours or alternatively contact our 24 hour Customer Service team on 0800 9121700
For the latest information or updates to the programme outlined above, we will be posting these on <https://www.roadworks.org/>

We appreciate roadworks are frustrating for local traffic and communities, please be reassured our teams will complete this work as quickly and safely as possible.
